We offer certified U.S. Hang Gliding & Paragliding Association and U. S. Powered Paragliding Association training.

- Tandem flights
- Introductory day lessons
- Training for foot launched paragliding
- Training for foot launched and trike powered paragliding
- Guide service available for flying sites in the southwest

Our training is done in Santa Teresa, NM, approx. 14 miles west of downtown El Paso. We use

a stationary winch with 5,000' of line to safely tow pilots into the air. Once properly certified, pilots may then fly in our beautiful Franklin Mountains or at other sites in our region.

Email or call us to schedule training, flights, or day lessons.
